

Define Problem Statements

Date	08 July 2026
Team ID	
Project Name	Rising Waters – AI-Based Flood Prediction and Alert System
Maximum Marks	3 Marks

Customer Problem Statement Template

Create a problem statement to understand the customer's point of view and identify the core challenge addressed by the project.

Problem Statement	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	Citizen living in a flood-prone area	Receive early flood warnings	Flood alerts often arrive too late	Existing systems rely on delayed reporting	Anxious and unprepared

Problem Summary

People living in flood-prone regions need an AI-based system that predicts floods early using machine learning so they can take preventive measures and reduce risks.
