

Empathy Map

Date	08 July 2026	Team ID	
Project Name	Rising Waters – AI-Based Flood Prediction and Alert System	System Marks	3

- Persona:** Resident living near a flood-prone river.
- Says:** I need timely flood warnings to protect my family.
- Thinks:** Will the flood arrive tonight? Can I trust the alerts?
- Does:** Checks weather updates, contacts neighbors, prepares emergency kit.
- Feels:** Concerned during heavy rainfall but hopeful for accurate predictions.
- Pains:** Late warnings, property damage, communication gaps.
- Gains:** Early alerts, safer evacuation, better preparedness.
